This release was developed for use with:

- McAfee SiteAdvisor Enterprise 3.5.0.1204

This hotfix can be upgraded over: McAfee SiteAdvisor Enterprise 3.5 Patch 2 build: 3.5.0.1204

Purpose
This rollup release includes hotfix 1003291.

Rating
Recommended — McAfee recommends this release for all environments. This update should be applied at the earliest convenience.

For more information about patch ratings, see McAfee KnowledgeBase article KB51560.

Resolved issue
The following issue is resolved in this release of the product. For a list of issues fixed in earlier releases, see the Release Notes for the specific release.

**McAfee Threat Intelligence Exchange is integrated with McAfee SiteAdvisor Enterprise**

McAfee SiteAdvisor Enterprise can now send Global Threat Intelligence (GTI) reputation of websites to McAfee Threat Intelligence Exchange (TIE) using the McAfee Data Exchange Layer (DXL).

**Resolution:** Install this hotfix to implement the update on your McAfee SiteAdvisor Enterprise.

**Installation instruction**

The hotfix can be installed for the first time on a system or can be upgraded over an existing version of McAfee SiteAdvisor Enterprise to install the new hotfix binaries. For standalone installation, run `SAELaunch-3.5.0.1232.02.exe`.

**Task**

1. Extract the contents of the zip file `sae_3.5.0.1232_hf1003291.zip` to a local drive.

2. Check in `SAE 3.5.0 Build 1232 Package #02 (AAA-LICENSED-RELEASE-PATCH).zip` into the McAfee ePO Master Repository.

   **Note** When upgrading from previous versions of McAfee SiteAdvisor Enterprise 3.5, make sure you upgrade to the McAfee SiteAdvisor Enterprise 3.5 Patch 2 build (3.5.0.1204)

3. Schedule a McAfee Agent Product Update task to deploy the hotfix on the client systems.
   See McAfee ePO documentation for configuring and running a product update task.

**Version reporting**

Post-hotfix update, the browser balloon, McAfee ePO server reports, and McAfee Agent About will report the version number as 3.5.0.1204 and Hotfix number as 1003291.

**Find product documentation**

After a product is released, information about the product is entered into the McAfee online Knowledge Center.

**Task**

1. Go to the McAfee ServicePortal at [http://support.mcafee.com](http://support.mcafee.com) and click Knowledge Center.

2. Enter a product name, select a version, then click **Search** to display a list of documents.
